

March 26

NCCC-170 and USSES members and participants,

I am working on setting up a block of hotel rooms for our meeting on June 28 and 29. This is important to do soon because Freshman and transfer student orientation sessions will be going on that week and hotel space will be at a premium. Car rentals should be okay but some flights may be crowded. I'll set up a ride sharing poll once I have better idea of who would be attending.

Please let me know if you are (at least) tentatively planning on attending the meeting.

Thanks.

Ed
