

April 11

NCCC-170 and USSES members and participants,

Many of us are heading down the Spring semester home stretch and finalizing our plans for the Summer. So I'm sending another reminder about our June 28-29 annual meeting. I have already heard from Tempelman, Craig, Macchiavelli, Boykin, Stroup, Bello, Goad, Durham, Lipka, Yeater, Stevens, Rosa, Mauromoustakos, Lee, and Keuler that they are planning on attending. In addition, I have already heard from Kramer and Dixon that they would not be able to attend.

For those of you who have not responded yet, please reply to this e-mail at your earliest convenience so that I can finalize the hotel room block for the evenings of the 27th and 28th as well as arrangements for lunches and breaks. If you have any dietary restrictions, please include those as well. If your plans are still subject to change, please give me your best estimate and attach a probability if it's not close to zero or one.

As another reminder, John Stevens sent an e-mail during the last week of March requesting volunteers to make presentations. If you haven't responded yet, his e-mail is john.r.stevens@usu.edu.

Please let me know if you have any questions or if you have replied but have a status change. I look forward to hearing from you. Thanks.

Ed
